Whether you need one spare lamp or a whole new lighting system we can provide you with a comprehensive expert service and very competitive prices.

Have you considered LED Lighting? Easy to operate with VERY low power consumption and brilliant bright colours. No need to buy colour filter or replacement lamps again. Call to discuss how easy it will be to add to your existing DMX system.

Do you have old lights that don't work anymore? Chances are they can be repaired and returned to service*. We will repair, clean and test for electrical safety - ready for your next production.

*Call to discuss as costs will depend on lantern type and availability of spare parts.

Can't afford new lights? Check out our Hire Department. We can supply everything you need for your next large or small production, with or without an operator.

If we don't have what you want, please call - we can get it!
